PROFESSIONAL SUMMARY

- Senior Full Stack Developer with 6+ years of experience in designing, developing, and maintaining enterprise web applications using .NET and Angular.
- Hands-on experience in C#, ASP.NET Core Web API, Angular, NgRx, TypeScript, LINQ, Entity Framework, SQL Server, and modern web technologies.
- Strong domain expertise in Banking, Trading, and Enterprise Application Development.
- Experience working in Agile/Scrum environments across the complete Software Development Life Cycle.
- Skilled in developing scalable REST APIs, optimizing application performance, and delivering high-quality software solutions.
- AWS Certified Cloud Practitioner and AWS Certified Developer – Associate.

PROFESSIONAL EXPERIENCE

Total Experience: 6 Years 5 Months+ in Full Stack Development using .NET, Angular, SQL Server, and AWS.

- **Senior Software Developer** | Virtusa Pvt. Ltd., Hyderabad | **Jan 2024 – Present**
- **Software Developer** | Birlasoft Ltd., Hyderabad | **Jul 2022 – Dec 2023**
- **Software Engineer** | Mphasis Ltd., Bangalore | **Aug 2020 – Jul 2022**
- **Fellowship Intern Programmer** | Bridgelabz Solutions Pvt. Ltd., Bangalore | **Jan 2020 – Aug 2020**

TECHNOLOGICAL COMPETENCIES

Category	Technologies
Programming Languages	C#, TypeScript, JavaScript
Backend Technologies	.Net 8.0, ASP.NET Core Web API, LINQ, Entity Framework Core, REST APIs, Microservices
Frontend Technologies	Angular 13/15/16/20, React 19, NgRx, RxJS, HTML5, CSS3, JavaScript
Database, Cloud	SQL Server, AWS, Docker, Git, CI/CD
Tools	Swagger, Postman, Azure DevOps, Jira
Concepts	Object-Oriented Programming (OOP), Design Patterns, SDLC, Agile/Scrum, Performance Tuning

CERTIFICATIONS

- AWS Certified Cloud Practitioner, July – 2025.
- AWS Certified Developer – Associate, September – 2025.

PROJECTS

PROJECT1#

Project Title : Project Tracking System 2.0
Client : CITI Bank
Organization : Virtusa Pvt. Limited
Team Size : 8
Technologies : C# , .Net Core 8.0 ,Angular 18,20,React 19 and Sql Server
Duration : From Jan 2024 to now

Description:

Citi's **Project Tracking System Application** is designed to streamline project management across various branches and departments. Tracks project progress, milestones, and deadlines. Manages workforce and financial resources efficiently.

Roles and Responsibilities:

- Developed and maintained enterprise-grade web applications using ASP.NET Core 8.0, Angular, React, and SQL Server.
- Designed and implemented RESTful APIs for project tracking, resource management, and reporting functionalities.
- Developed reusable UI components and optimized application performance to improve user experience.
- Collaborated with business stakeholders, QA teams, and developers in Agile/Scrum environments.

PROJECT 2#

Project Title : TAT-Financial Transfer, Returns Transfer,Usage-Service Module
Client : TITAN-NOV(NATIONAL OILWELL VARCO)
Organization : Birlasoft Limited
Team Size : 6
Technologies : C# , .Net Core 6.0 ,Angular 13 ,NgRx and Sql Server
Duration : From July 2022 to Dec 2023

Description:

National Oilwell Varco, is an American multinational corporation based in Houston, Texas. It is a worldwide provider of equipment and components used in oil and gas drilling and production operations, oilfield services, and supply chain integration services to the upstream oil and gas industry

Roles and Responsibilities:

- Developed and enhanced financial transfer and usage-service modules using ASP.NET Core, Angular, NgRx, and SQL Server.

- Gathered business requirements and translated them into scalable technical solutions.
- Designed and consumed REST APIs for seamless integration across enterprise application
- Implemented NgRx state management to improve application maintainability and performance.

PROJECT 3#

Project Title : ALTO App
Client : Charles Schwab - US
Organization : Mphasis Limited
Team Size : 5
Technologies : C# , .Net Core 3.1 ,Angular8 and Angular 9
Duration : From Aug 2020 to July 2022

Description:

The Charles Schwab Corporation provides a full range of brokerage, banking and financial advisory services through its operating subsidiaries in the United States of America. Worked on Trading system for the corporates or Schwab representative's.

Roles and Responsibilities:

- Developed and maintained trading platform features using .NET Core and Angular.
- Collaborated with business analysts and client teams to analyze and implement new requirements.
- Developed reusable components, services, and APIs to improve development efficiency.
- Participated in sprint planning, code reviews, and production support activities.
- Worked on performance optimization and defect resolution to improve application stability.
- Provided technical guidance and knowledge transfer sessions for team members.
- Contributed to the successful delivery of multiple releases in an Agile environment.

PROJECT 4#

Project Title : FUNDOO App
Organization : Bridgelabz Solutions
Team Size : 6
Technologies : C#, .Net Core 3.1, Entity Framework ,
 Angular8, Shell Script and SQL Server
Duration : From Jan 2020 to Aug 2020

Description:

Fundo Application developed as replica of google keep application using dotnet and Angular. Fundoo app having a feature like adding,updating,deleting and collaboration with another user etc.

Roles and Responsibilities:

- Analysis of requirement with Team and interacted with client.
- Develop and write high quality coding that meets requirements.
- Actively participated in project status meetings to highlight concerns to management.
- Conducted awareness programs on the project
- Knowledge transfer and provide technical support to the team.

ACHIEVEMENTS

- Received Monthly Summit Award in March 2021 for outstanding contribution and performance.
- Developed and maintained several personal and supporting projects using ASP.NET Core, C#, Angular, React, and SQL Server.
